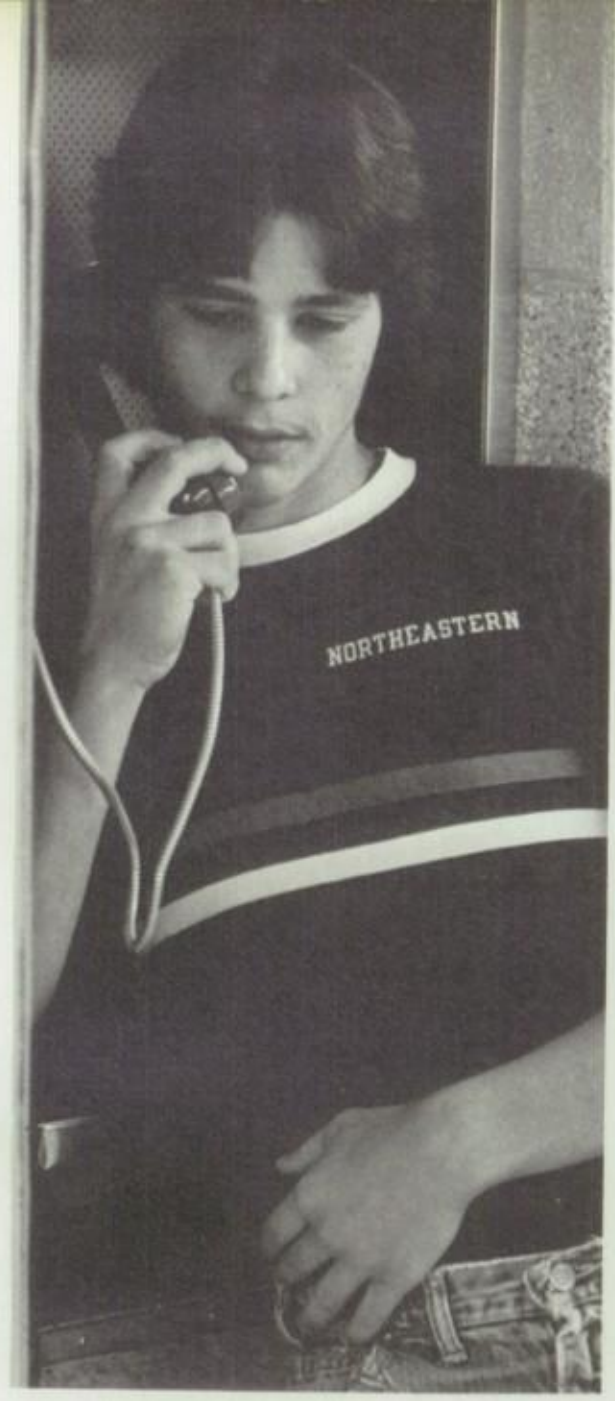
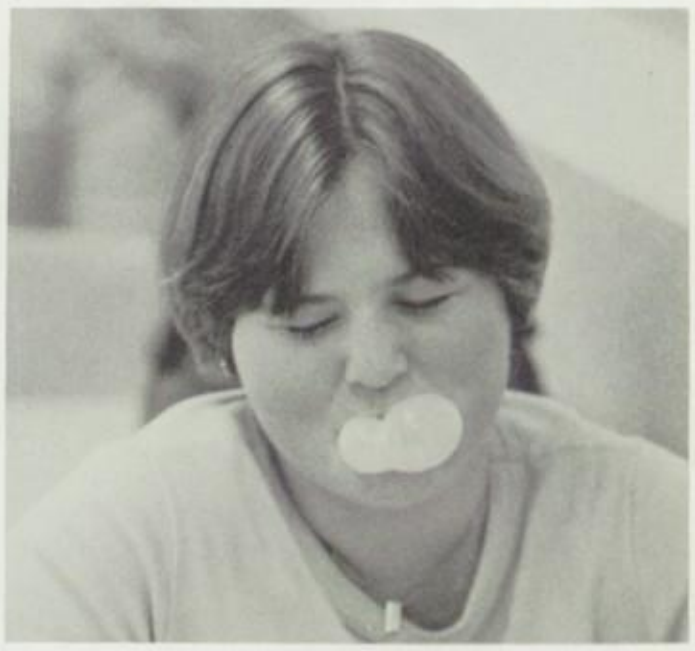
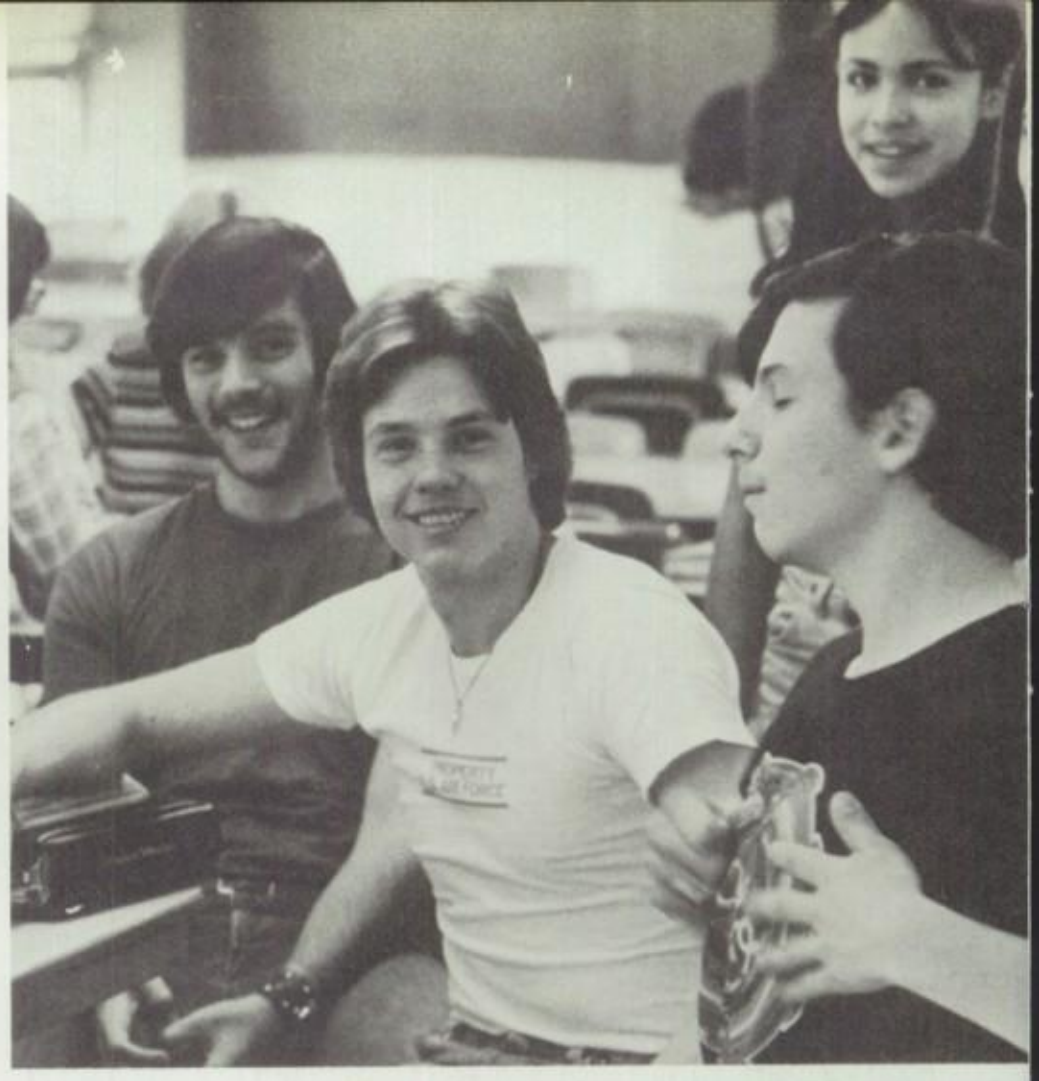
Drink

Looking at a juke box,
one may become bewildered by
the myriad of songs to choose from,



and yet,
once one can
identify
his song
he has
further
identified himself
as an individual.





WESTLAKE

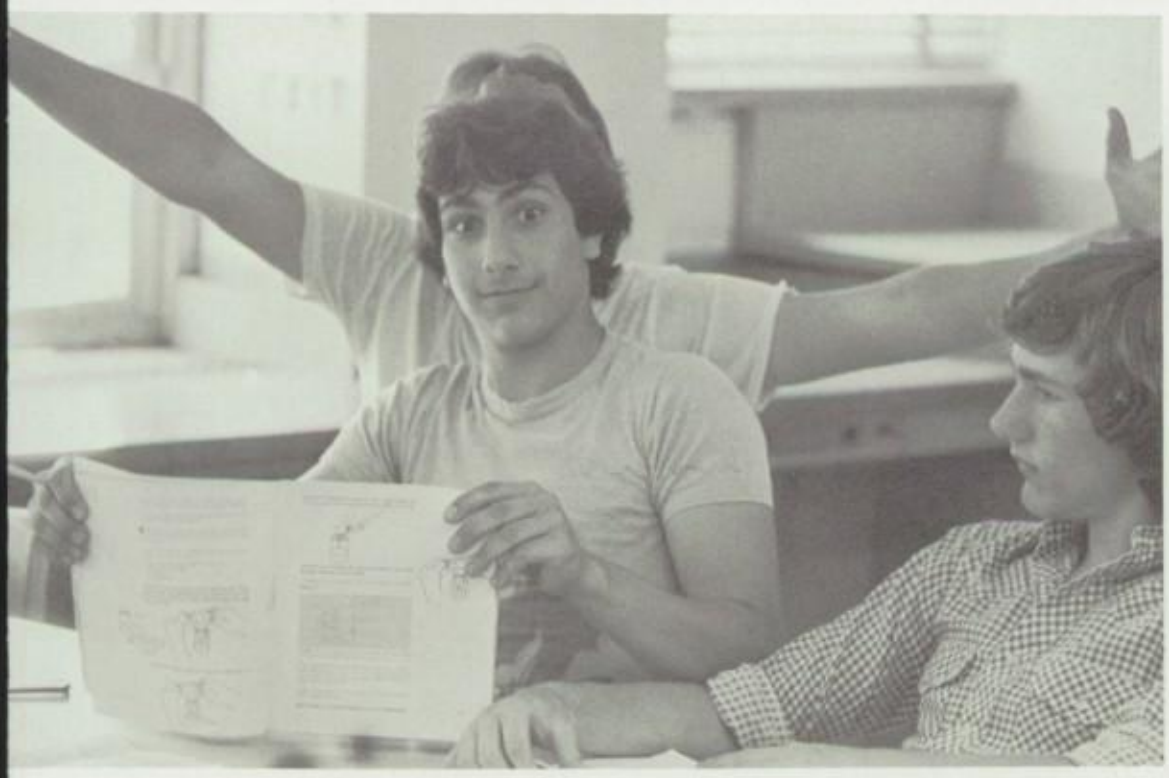
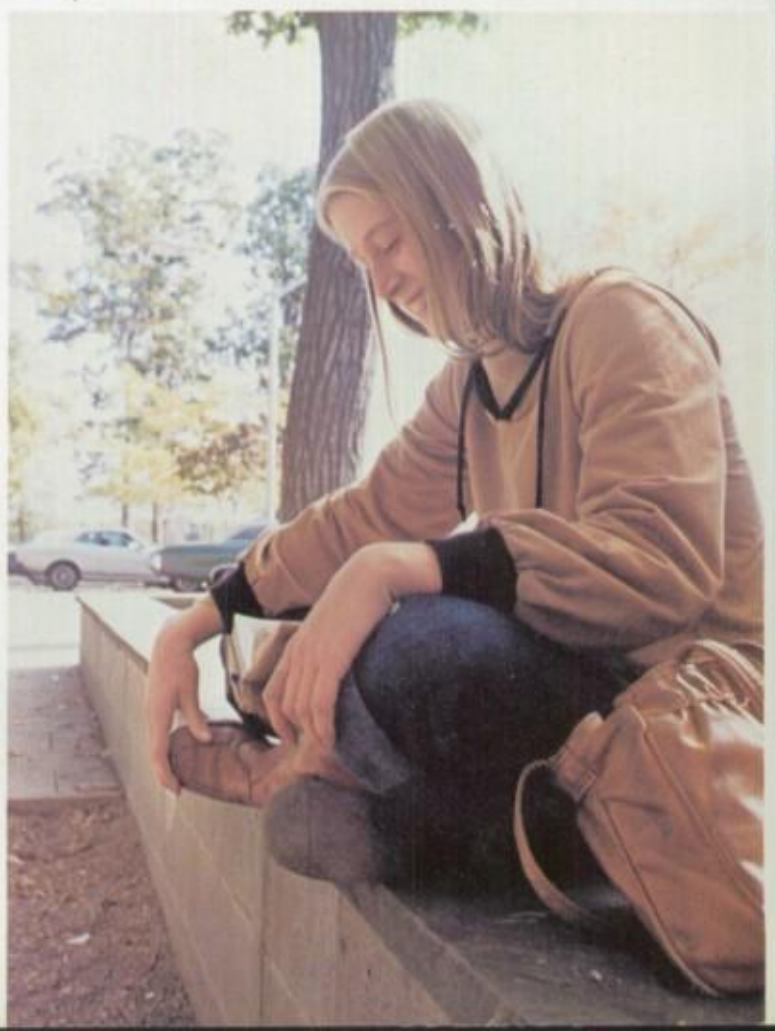
Songs change
from day to day
just as we
continue to
develop-
each song with
a different
message to share-
each person
with different
ideals
to express.

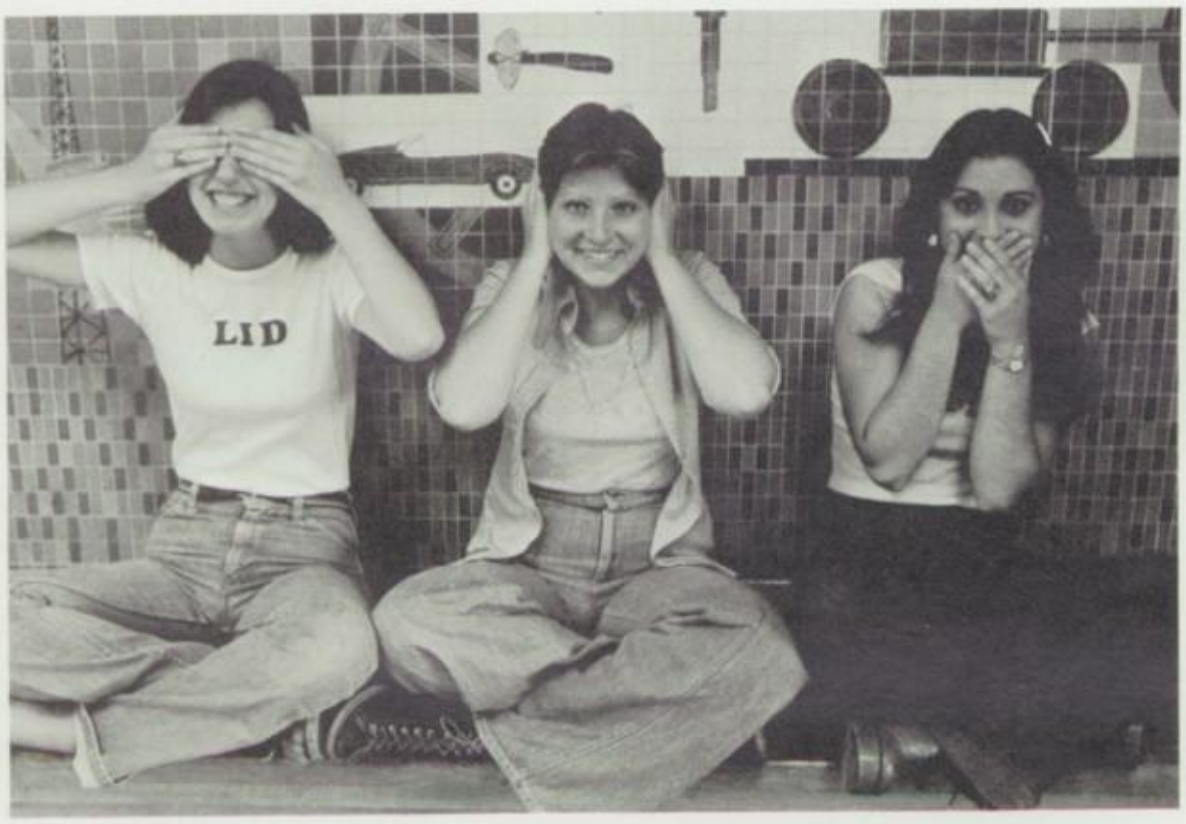
The student population of WHS
is composed of individuals
whose likes and interests vary infinitely.
This composition of students
creates a pleasant harmony.

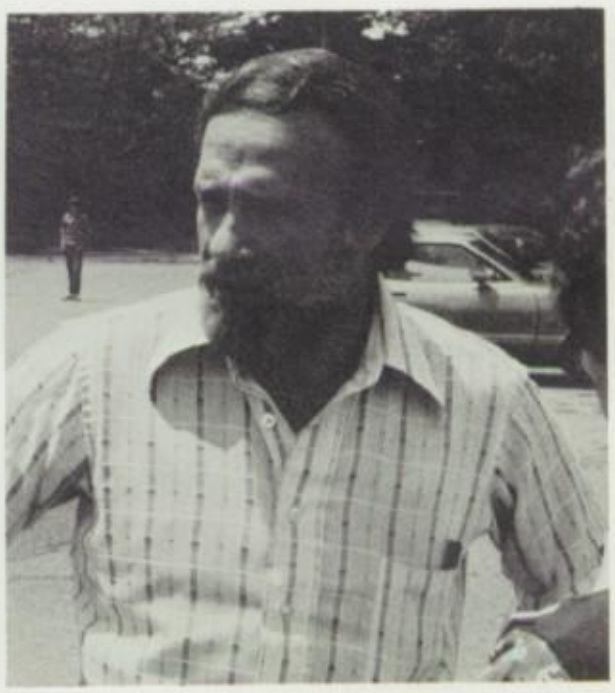


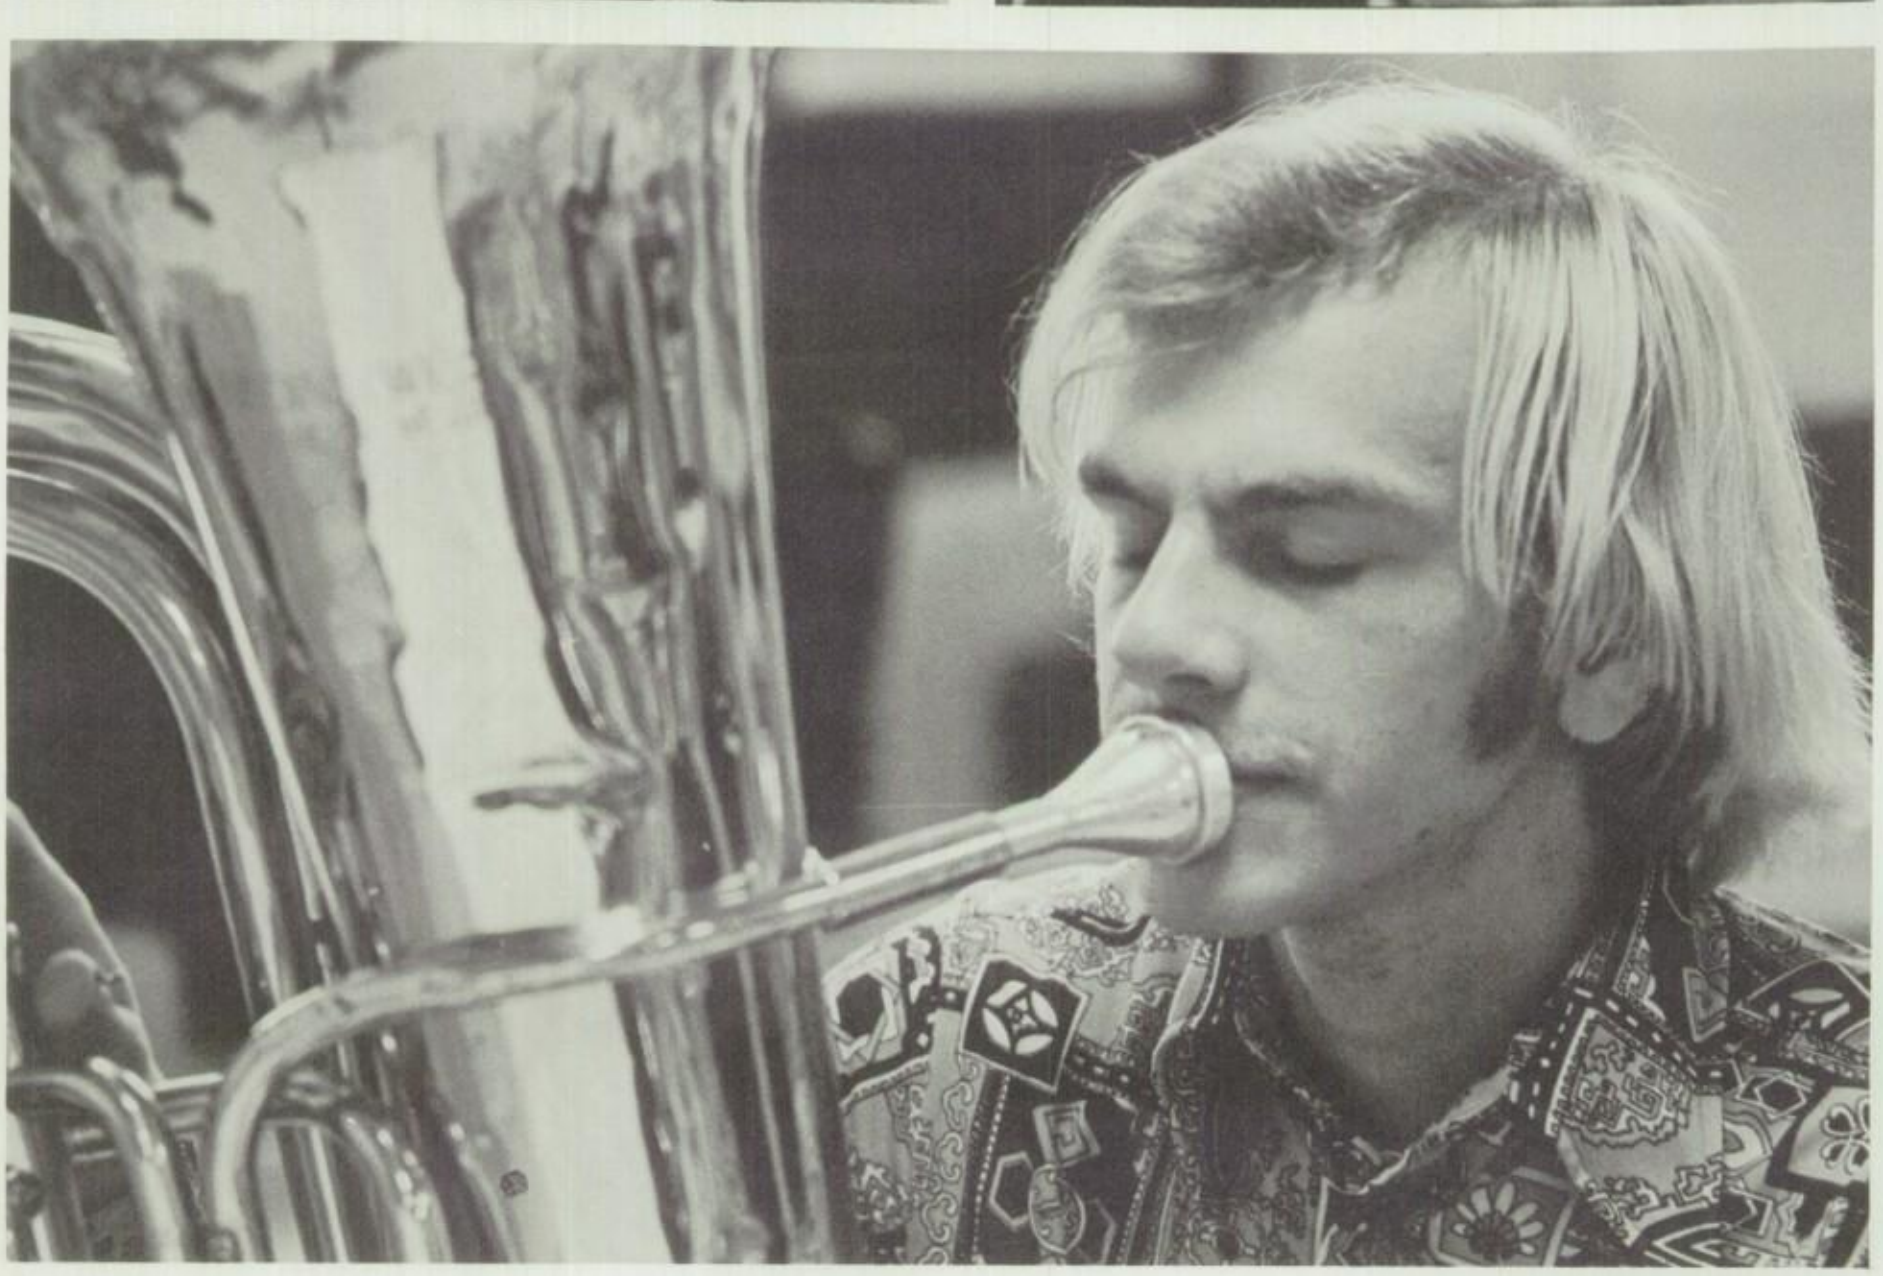
Like most melodies, our song is sometimes slightly off key. However, as a general rule it is an easy tune to listen to.



To perfect a song, one must have a
clever composer, talented vocalists,
industrious musicians, and an inspirational conductor.
At WHS a combination of these
has resulted in a positive reaction.

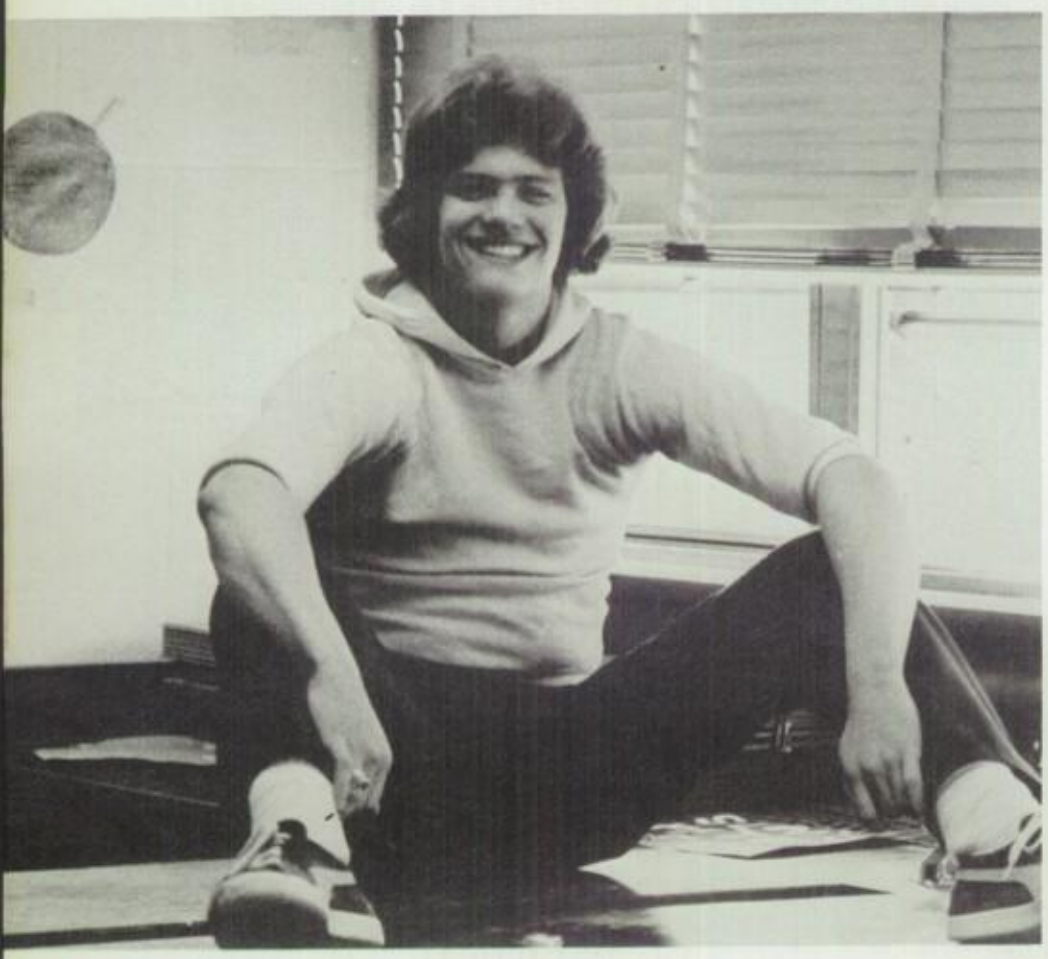


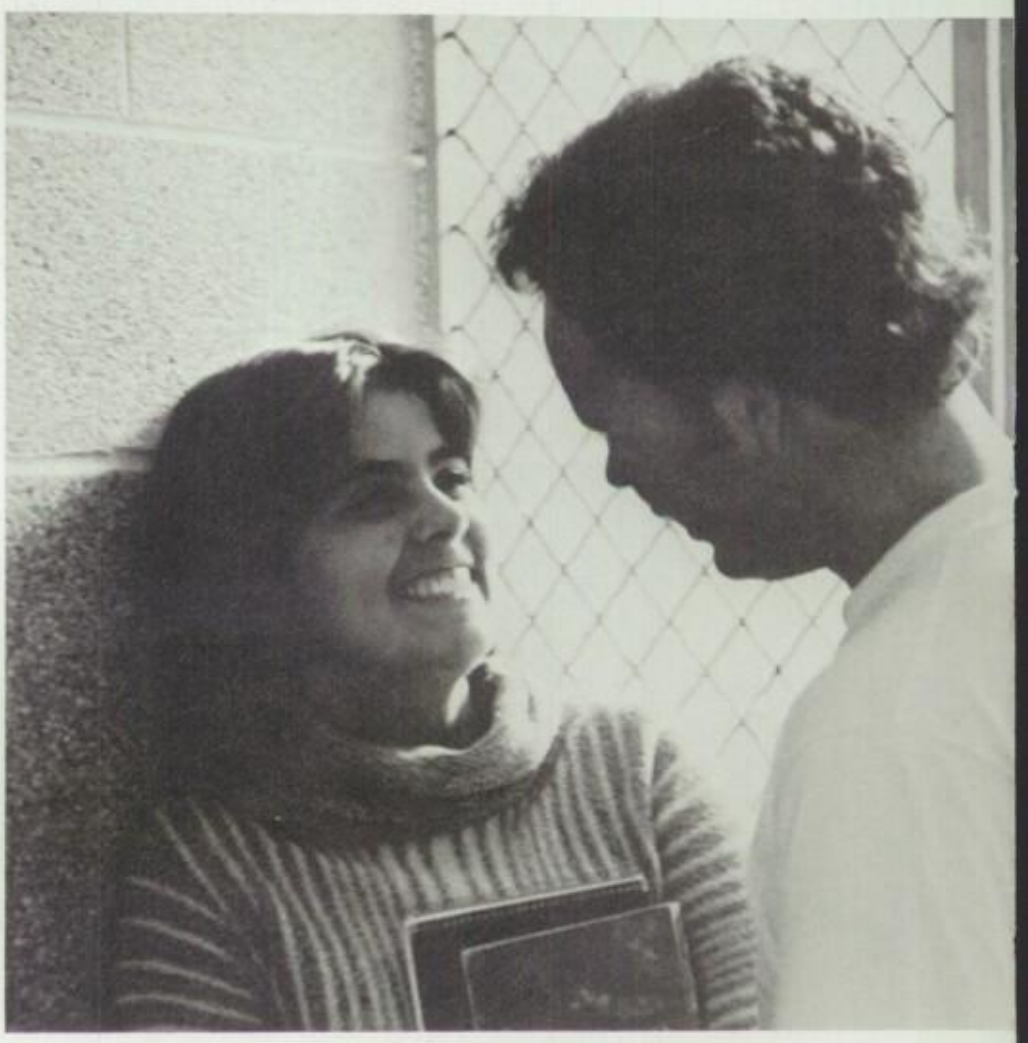


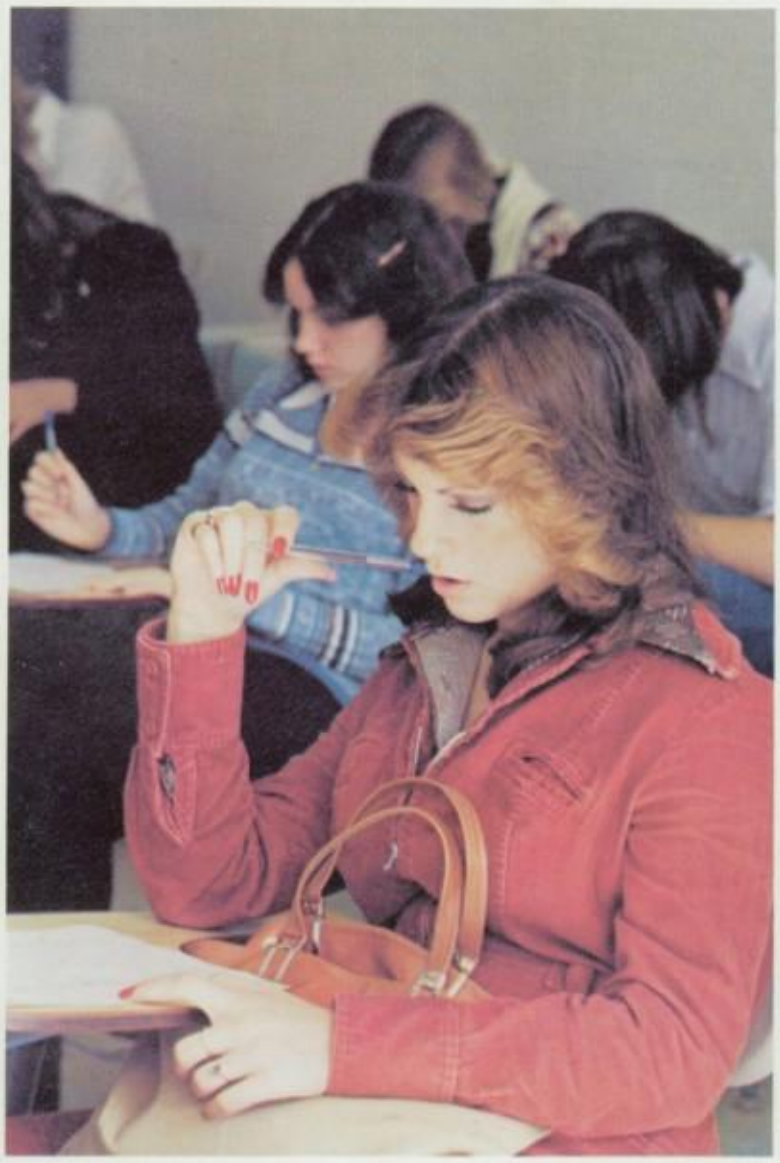


This year at Westlake everyone had the chance
to grow as an individual as well as a student.
Each of us has his own personal goals.
As the years progress we strive to attain those goals
or at least to put them within reach for the future.

We are growing
through our experience.
At the same time,
we are being provided with new memories –
most of which will remain with us
for years to come.
Good times and close friends
are not easily forgotten . . .







. . . and at WHS they are always in abundance.

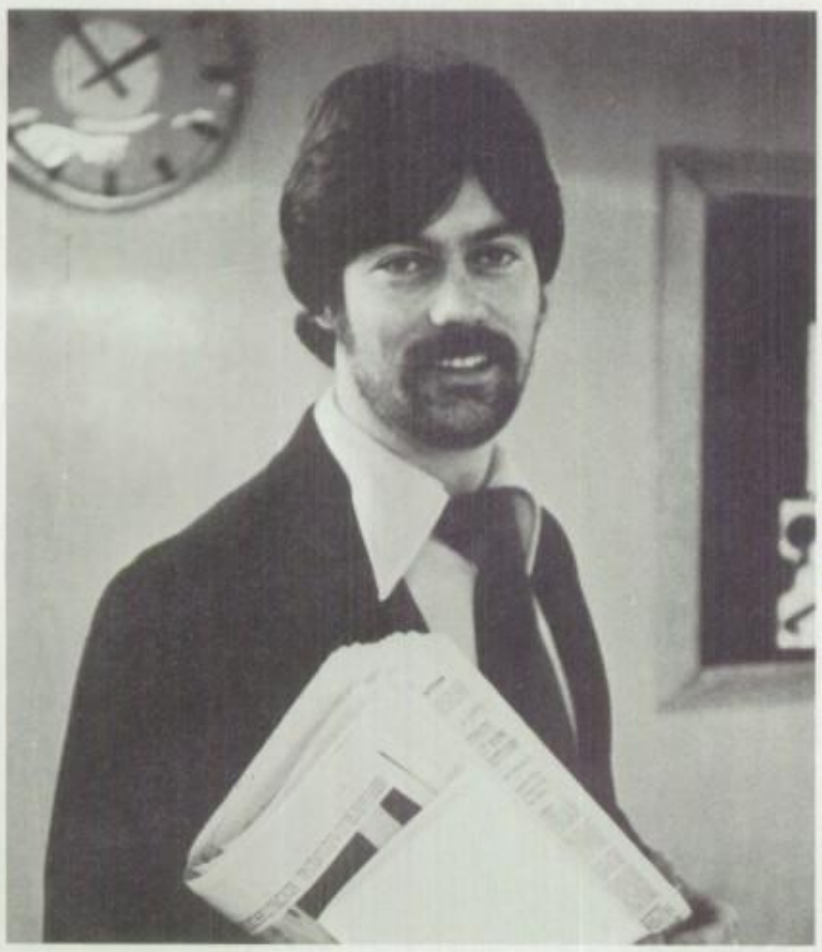
Dedication



Most of us have known, at some time in our lives, a person whose patience and understanding combine with a sense of humor to make him a unique and special being. Westlake High School is fortunate enough to have such a person as part of its staff.

Aside from being a devoted social studies teacher, he serves as advisor of the senior class, often putting forth more than his share. His assistance and guidance have been key factors in the success and happiness of the Class of '78. Through his Psychology class he has allowed his students to learn more about themselves and the things they do.

This man approaches each day with optimism and those who know him soon find it to be catching. His sensitivity and awareness of life affect those around him in a special way.

For these and many other reasons, the Pendulum and the Class of '78 would like to dedicate this book to you, Mr. John Donnelly, with much thanks and appreciation for all you have done.

Recognition

The reason for our being at Westlake today, is to prepare ourselves for tomorrow. Through the guidance of this man we are able to achieve this goal.

His devotion to living affects his students as positively as it affects his own life. He does not let one minute of a day slip by without taking notice of it.

"Je regrette," may sound repetitious at times, yet it would not have been said if it weren't meant.

He once stated that "I am a Rock" was his favorite song. However, this song contradicts a man who displays so many emotions.

It is to you, Monsieur Turmel, that we say "Merci beaucoup." The Pendulum and the senior class recognize you for all that you have achieved.

As we approached the front of Westlake High School on Sept. 7th, it seemed like just any other "first" day of school. Natural instincts caused us to stand in the junior line to receive our schedules; that was when we realized this was not just any other school year – we were seniors this year!

As the first semester began,
many changes became evident.
The senior study hall became ours!
Many hours would be spent there
listening to tapes (anything from Billy

arguing over which would be played
each period.

If anyone needed to study during a study hall it was necessary to leave the senior cafeteria for the quiet and solitude of the library or guidance office. On the whole senior study hall served its purpose – we could always gather there to talk over the day with friends.

Time moved quickly as we were
all soon aware. We were faced with
the task of filling out college applications,
often putting it off
until the deadlines came too close
for comfort. But they were finally
all mailed out. We thought our
worries were over but they had just
begun: now we had to sit and wait
for those responses.

The knowledge that college
applications were sent in and were
being processed brought upon an
illness to many twelfth graders.
That illness is commonly known as senioritis.
No one escaped it.
The desire to work dwindled to a
minimum and the only motivation
which seemed to affect us was that
which resulted from the thought
of how we would spend the weekend.

As the year drew closer to an end, all of our good times began to turn into memories, most of which would remain with us through out life. The International Thespian Society is an organization with high school members from all over the world who have worked hard to excell in the field of drama. Students who are admitted to this group are those who have put in long hours and have shown great dedication. Here at Westlake one of the responsibilities of this group is to select the productions for the year. This year they chose **Godspell** and **A Funny Thing Happened on the Way to the Forum.**

Westlake Players

Being entertained is something that everyone enjoys but there are also a number of people who enjoy doing the entertaining. The Westlake Players represent those here at Westlake who have the preference of entertaining by way of producing dramas, comedies and muscials. The work is usually hard, but the satisfaction gained and the friendships made during the production of a show are invaluable.

Being involved in any production with the Westlake Players is certainly an experience, but last fall's production of **Godspell** was something special.

Throughout the rehearsal period, the eleven member cast grew into a close-knit family – a team. Our energies surged to a peak in order to produce what many have called "one of Westlake's best."

What may have made the show so exceptional was not only the closeness of the cast but also that of the crews and directors. At time things became tough, at times we disagreed, but in the end we all worked as a unit.

The show dealt with the life and death of Christ, and maybe it was that factor that made **Godspell** a show filled with meaning and love and one that we will remember forever.

Being in chorus is expressing your feelings through song. Some people think that it is just another free period at the end of the day, but it isn't. It's hard work to make it sound professional. Concerts are what we look forward to, for it's a time to share our work.

CAT'S CALL

This year the Cat's Call was in full progress again. The paper was put out by the newly formed Journalism class and the staff spent long hours putting together the newspaper to help keep the student body up to date on all school activities. For example, we tried to give students a more personal look at the new teachers this year and informed them about the Student – Faculty Board that has been developed.

The staff has also encouraged students to send letters to us, so we can tell others what they have to say and maybe how their comments can help. From student opinion alone we have found that a greater part of the school is now reading our paper and that's our main objective.

Both the Cat's Call staff and our advisor Ms. Ingrassia hope that we have made the newspaper another interesting part of Westlake High School.

CANÉMUS

Canémus is the Latin word meaning let us tell our story. Since Latin poets sang their works, it was used as an introductory word almost equivalent to our modern phrase "Once upon a time."

The Year

Editor Janice Hutcheson looks at proofs, just one of her many jobs. After the pages are sent to Herff Jones, our publisher, they send copies of the pages back to us so we can see how they will appear when printed.

Assistant Editor Ron Dritz is cropping pictures. Pictures are not printed exactly the way we get them. We must make decisions about both the size and shape of the picture. This process is called cropping.

Everything you see in type in the yearbook must first be typed onto a type sheet. Lorraine Ploschke spent many hours at the typewriter. She was helped by Cathy Dwyer. In addition to typing yearbook copy, they also typed correspondence.

Layouts, on which Assistant Editor Alicia Koch is working, take up most of our time. Decisions must be made about what to put on each page and where to put it. First we sketch it on a rough layout sheet and after it meets our approval it is placed on a final layout sheet.

Alex Racanelli is looking at negatives he just finished developing. His major responsibility was to take charge of the business end of the yearbook. Since the yearbook involves several thousand dollars this is quite a task.

A yearbook contains printing, called copy, as well as pictures. Toni Manna is writing copy, her area of responsibility. She was assisted by Susan McGahran as well as each organization which was asked to write its own copy.

Of The Cat

Terry Mahr is looking at the Dummy, the book which helps us keep a record of the pages sent to the publisher. Terry did the divider pages, and was assisted with the artwork in this year's book by Jennifer Calabro, Doug Johnson, and Veronica Gaal.

ROW 1: Tracey Boyle, Mary Dispenza **ROW 2:** Lori Hanson, Lisa Cappelli, Irene Kijak, Asst. Bus. Man., Carla Tucci

The financial aspect of the yearbook is very important. Alex Racanelli was assisted by Irene Kijak. Some of the people who sold advertising as well as yearbooks are pictured above.

Putting together a yearbook is a major challenge. As we discovered, interesting yearbooks don't just happen. These pictures show some of the activities and people who brought you the 1978 Pendulum. In addition to those mentioned under pictures, thanks go to some others who gave us special help. Mrs. Wills added a few more grey hairs serving as our advisor. Our Herff Jones representative, Dale Alger, was always there to answer questions. The English department willingly helped us distribute things to the student body. A thank you goes to Mr. Adam Louis for his help and cooperation in letting us use the dark room. Once again Tom Parise was invaluable. Without him deadlines would have been even more difficult to meet. Thanks, too, to all of the many others who gave of their time and talents. You know who you are and we thank you.

ROW 1: Stephanie Salustri, Mary Kate Harrison, Marylou Magaletti, Diane Zappi
ROW 2: Lori Hanson, Beth Schulz, Sharon Dempsey, Jane Maiorano, Marie Lozupone

Being at the right place, at the right time with a camera is not always possible. We appreciate all those who contributed their time and effort.

Once the pictures are taken and printed, they must be organized and identified. Sharon Dempsey was in charge of this.

In an effort to maintain good relations within the school Student Council has organized the Student – Faculty Board to deal with problems which arise. To further open up lines of communication students have been able to meet with school board members. Freshmen homeroom representatives were elected so that underclassmen's views are better represented. Westlake High School Student Council has also become an active member in N.Y.S.S.S.O., the state student government organizations.

The activities were, for the most part, extremely successful. More students took part in Student Participation Day than in recent years. The Christmas Dance was also great and the Westlake Revue was one of the best ever. Exchanges with many neighboring high schools were arranged. Some new projects were the wall paintings, a movie night and a series of assembly programs.

The main aim of Student Council this year has been to organize a Student Government which would represent fairly the views of all the students at Westlake. The officers and committee chairmen have worked hard to achieve this. Student Council has grown and has become a more highly respected organization.

This year a Student — Faculty Board was formed at Westlake High School. The board was originated to deal with student problems in the school. The board consisted of two administrators, 5 teachers, and 9 students.

The first problem presented to the board was the Halloween dress-up day. Based on the events occuring on dress-up day the previous year it was decided that there would be no dress-up day. This caused much resentment within the student body. The board had several closed meetings on the topic and decided to have an open meeting concerning the dress-up day. Several students showed up at the meeting and the problem was resolved. A successful Halloween dress-up day took place at Westlake High School!

The Student — Faculty Board has potential to produce many successful outcomes like the one mentioned. The only thing is that the board has to know what the students' concerns are. I'm sure that many other problems will be resolved by this Student — Faculty Board and future ones.

Wildcats in Action

This year's Bloomingdale's inventory was assuccessful as past ones have been. A large group of hard-working students had a good time making money for school organizations. It is hoped that there will be many more successful inventories.

An now here's Dr. Phineas T. Philbert – "If music is the universal language – then why are there so many singers out of work??"

Winter Wonderland

Westlake is a school filled with spirit and unity. There are many among us who contribute their time and energy to benefit their fellow students. An example of this is the annual Christmas Dance. "Winter Wonderland" was a success because of the hard working members of the committee. Everyone that showed an interest in this school function deserves a great deal of thanks and credit for all they did.

The Christmas Concert, another school activity, is always a success because of the effort and dedication of those who participate. The members of the chorus join together to produce a show for the enjoyment of the students and their parents.

This time of year joins the Westlake students closer together to prove to the administration that it is possible for the students to have a good time constructively rather than destructively.

The American Field Service is an exchange program which promotes understanding and friendship throughout the nations of the world. There are many different programs in AFS. The three that we participate in are the Winter Program, Americans Abroad, and Domestic Program. The Winter Program is where students from other countries come and live in our community. Through the Americans Abroad program students from the United States can live in a foreign country for a summer or a school year. On the Domestic Program a student from our community could live in another town in the USA for a summer or one semester of the school year, and in return we can host students.

This year we hosted two students. Hazel Heath, from Great Britan, our Winter Program student, lived with the Davidsons. We learned of her interest in Early Music, (Renaissance – Medieval) and her musical talent. Jeff Thompson, our Domestic Student from Wisconsin, lived with the Johnsons. He participated in sports as a member of the cross-country team and manager of the basketball team. The summer of '77 Kathy Pike lived in Johannesburg, South Africa. She experienced a totally different culture; the apartheid government. By hosting a Domestic student we were eligable to send one also. Danny McKeon spent first semester in Missoula, Montana, braving the cold.

Dan McKeon, Domestic Exchange

Jeff Thompson, Domestic Exchange; Ingrid Olsson, Rotary Exchange; Hazel Heath, Foreign Exchange

Each year the AFS Dinner honors our exchange student by sponsoring foods from her home country. This year English foods were enjoyed. The many hours put in by the adult AFS Chapter were really appreciated.

The National Honor Society is an organization which has been frowned upon in the past. This year however, the National Honor Society has attempted to change that negative attitude. Our tutoring program has expanded. More and more students have turned to us for help with their studies. We have worked in conjunction with the Student Council on various projects. All in all, it has been a productive year for the National Honor Society.

The Italian Club was active this year with various events. The Middle School and High School lobby was decorated with an Italian Display Case of hand-crafts, products and hand made projects for various students. The two schools also sponsored bake sales to raise money. The Italian Poster Contest was an important event. There were 79 entries. Anthony Passarelli was 1st prize winner, Elena Vas-sallo and Diane Debitello won 2nd prize, and Lisa Goaziano, 3rd prize. The high-light of the year was the Italian Night Dinner with a turn-out of close to 300 people. It was a high success. The club members treated themselves to dinner with the proceeds, and sponsored other events during the year also.

The loneliest mile!

Here we go!

It's not that funny Mary!

Bushwomen!

Chain gang!

How many miles?

"As Long As You Have One Special Moment . . . "
Check your fire extinguishers – Read every word
Or ski down-hill backwards – it's not as absurd
As saltines and jelly when it's steak that you crave
So you fill your desire with Ketchup and eggs.
Take a 12-mile hike that feels like 48
Look out for Bushwomen who hide out and wait
To steal the Snack-Pack that helps you survive
(Wonderbread and milk can't keep you alive)
Become a detective – whose underwear
Is hanging to dry in Raquette Lake Air?
Who sent the Valentines? Some practical joker
Who escaped from the deck of cards during poker.
Noise is stifled and leaves not a trace
Radios don't disturb the peace of this place
There's just an occasional "God, how I **ACHE!**"
And a window (in Pane) that a snowball will break.

Yet the loneliest hour is the hour of return
For there isn't a soul that doesn't yearn
To remain in the freedom of mountains and clouds
Far from the rush; far from the crowds.

Like a tree in the storm
Like the breath of a child
From the moment he's born
Till the very last day
When the curtains are drawn
We are children
